### Webberville Middle School Annual Education Report (AER) Cover Letter

April 5, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-2015 educational progress for Webberville Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me for assistance.

The AER is available for you to review electronically by visiting the following web site <a href="http://www.webbervilleschools.org/district/annual-and-state-reports">http://www.webbervilleschools.org/district/annual-and-state-reports</a> or you may review a copy in our main office.

Webberville Middle School has just gone through a major transition in staffing, which has continued throughout the school year. This has had an impact relationships with students and families, as this requires consistency, long-term investment, and trust. Our school improvement plan (SIP), as well as our regular staff and community surveys, indicate a need for improvement in the family and community engagement area, and this is a goal that administration agrees needs to be addressed, but that is difficult to do with changes in staffing. Changes in staffing also impact programs, curriculum, and progression toward improvement.

State law requires that we also report additional information for the two most recent years on the following:

- 1. PROCESS FOR ASSIGNING PUPILS TO SCHOOLS:
  - a. Students are assigned to the middle school based on their age and grade.
- 2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN:
  - a. Our school improvement plan is based on the MTSS (Multi-Tiered System of Support) model. We are in the seventh year of development, and in the implementation phase. Universal screening is done three times per year in the 6<sup>th</sup> 8<sup>th</sup> grades in reading and math. Other data, such as M-STEP scores, grades, and pre- and post-test data is used to identify students below grade level in core areas. Interventions will be offered to 6<sup>th</sup> 8<sup>th</sup> grade students identified as

below grade level one or more core content area. We have an MTSS Coach who works with teachers in all areas to promote best practices in improving achievement.

- 3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL:
  - a. We have no specialized schools in the middle school.
- 4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL
  - a. Each department is responsible for maintaining a copy of its core curriculum. Core curriculum in all areas is housed electronically in our common network drive files where administrators also have access. Department leaders and teachers are required to keep these files upto-date based on current curricular choices. The state standards are pared down to allow teachers to work toward student mastery of the objectives rather than mere coverage of the concepts and skills. The standards embedded in our curriculum are selected for their enduring value and interconnectivity, as well as preparation for the state assessments.
  - b. Departments delegate which standards will be introduced in which course and where those standards will be reinforced to ensure mastery of standards prior to state assessments. Course pre- and post-tests of standards measures mastery of content in each core course.
- 5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS:
