

Webberville Elementary School
202 N. Main St.
Webberville, MI 48892

January 12, 2026

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2024-25 educational progress for Webberville Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about accountability, student assessment, and teacher quality. If you have any questions about the AER, please contact Jason Kubiak, Principal, for assistance.

The AER is available for you to review electronically by visiting the following website: <https://bit.ly/4pJ6wtT>. You may also review a copy in the office at the elementary school.

For the 2025-26 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student group in 2024-25. An Additional Targeted Support (ATS) school is one that had at least one student group performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, failed to exit CSI status in 2024-25, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given. **We are pleased to report that Webberville Elementary School was not given any of these labels.**

Webberville Elementary School is committed to continuous improvement and ensuring that every student has access to high-quality instruction, meaningful support, and multiple pathways to success. While recent data highlight areas for growth in academic proficiency, graduation rate stability, and attendance, these results have helped the school refine and strengthen its improvement efforts. The school is prioritizing strong Tier I instruction, expanded targeted interventions through MTSS, and consistent use of data teams to monitor progress and adjust supports. Additional focus is being placed on providing intervention support to students at the tier 2 and 3 level (below benchmark) to provide the supports that

they need to be successful. Through ongoing professional development, collaborative planning, and a shared commitment to student-centered practices, Webberville Elementary School is building systems designed to accelerate achievement, support diverse learner needs, and close persistent gaps in a positive, supportive learning environment.

State law requires that we also report additional information:

- Webberville Elementary School enrolls or assigns all students who live within the district. The school also accepts school of choice enrollment during two specific durations throughout the school year.
- The School Improvement Plan is currently posted at www.webbervilleschools.org. Webberville Elementary School is in the midst of the 3-year improvement cycle.
- Webberville Elementary is a public elementary school serving grades PK-5.
- Webberville Elementary has adopted content standards and outcomes that are consistent with the State of Michigan standards. Additional academic information can be found at www.webbervilleschools.org.
- The Aggregate Student Achievement Results for local competency tests or nationally normed achievement tests can be found here: <https://bit.ly/4pJ6wtT>
- The number and percentage of students represented by parents at parent-teacher conferences:
Fall 2024: 100% parent contact
Fall 2025: 100% parent contact

Webberville Elementary School's progress is the result of the dedication and collaboration of its students, families, staff, and community partners. The district congratulates the elementary school team for their continued commitment to student growth and improvement and encourages all stakeholders to remain engaged in this important work. Together, we look forward to building on current efforts and continuing to create meaningful opportunities that support student success now and into the future.

Sincerely,

Jason Kubiak, Principal
Webberville Elementary School
